

CR 2609

9 UNITS RACK CABINET

Description

CR 2600 series rack cabinets are designed to hold all RCF 19" rack standard components. The rack enclosures are bake-painted at high temperature using epoxy powders to make the structure unalterable over time and resistant to scratching, abrasion, and atmospheric agents. The CR 2600 series cabinets are composed of a basic structure that is assembled simply and quickly by fitting and securing four steel uprights to the upper and lower panels. CR 2609 already includes the front door with glass.

Features

- › IEC 297-2 dimensional standard compliant
- › Steel made structure grey RAL 7035
- › Protection grade IP 30

Part Number

17170179 CR 2609
